

F021 : DYMABLAST

CONCENTRATED TRAFFIC FILM REMOVER

DYMABLAST	F021
-----------	------

concentrated traffic film remover

description	DYMABLAST is designed for use as a heavy duty traffic film remover in conjunction with high pressure spray equipment.
directions	Normally, it is best to use DYMABLAST at a concentration of 1 part to 100-150 parts of water. Spray at low pressure onto vehicle to be cleaned. DO NOT ALLOW TO DRY. The loosened soil and traffic film should then be removed with clean water at high pressure. The use of gloves and goggles are recommended when spraying the solution.

Technical	
Composition	A blend of alkaline builders, nonionic and amphoteric sufactants, sequesterants and solubilisers
Appearance	Clear liquid
Colour	Blue
Cloud Point	50
Density	1.090
pH	>13.5
Fragrance	Unfragranced
Stability	2 years in a unopened container

Biodegradability	All surfactants contained in Selden Products meet the requirements of the EU Detergent Directive 2005 – 2004/648/EC. This requires all surfactants to break down both quickly and completely into harmless material such as CO2 and water.
